

## Area Highlights

Daniel Boone Conservation Area consists of 3520 predominantly forested acres in western Warren County. The area is located 6 miles south of Jonesburg on Hwy Y, and then 3 miles southwest on Tower Rd. In 1943, former Conservation Commissioner A.P. Greensfelder donated the original acreage for this area to the Conservation Department. Later purchases brought the area to its present size. As it was in Daniel Boone's day, the area is rich in plants and animals. Management focuses on restoring and maintaining healthy natural communities which support this impressive diversity. Woodland wildlife, such as white-tailed deer, turkey and ruffed grouse inhabit the area year-round. The area also provides an important stopping point for numerous neotropical migrant songbirds. A hike through the area will lead through deep valleys, glades and rugged wooded hills. Facilities/features: primitive camping, picnic area, 2 fishable ponds, and a multi-use trail.
